Activity Report 2013 - 2017

1. Avasar Scholarship Program

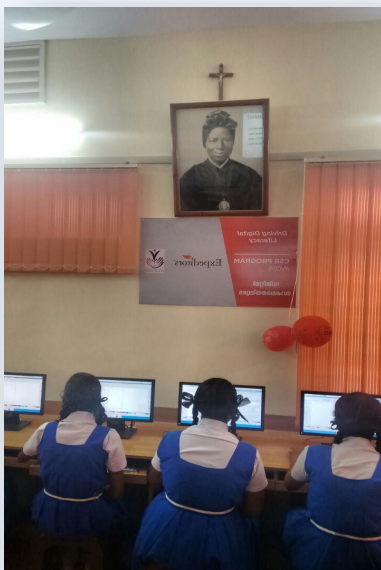

Avasar was founded to support education of underprivileged girls with a 5 to 6 years Scholarship Program for meritorious girls from families from below poverty line.

Since inception of the Scholarship in June 2013, Avasar has extended the support to 42 Girls. Each Scholarship is valued at Rs.30,000 per year for 5 or 6 years as the need is. Candidates are enrolled on completion of X.

6 Girls dropped from the program for various reasons and currently we support 36 girls. Some attended our Foundation day on 11 Nov 2017. Pledge (incl disbursed) - 75L

2. Driving Digital Literacy

Driving Digital Literacy is a program supported by Corporate CSR Funding and under this program Avasar has established State of Art Computer Labs in Government and Some Aided Schools.

Each Computer Lab Created includes of either a 15 or a 20 Seater Facility complete with a 4 to 5 KVA UPS. Furnitures, Fixtures and Site Preparation are all done under the project. Each Lab costs about Rs. 8 to Rs. 9 Lacs.

As of this update 19 Labs have been set up and handed over to the recipient institutions.

At about 6 Schools, Avasar has also deployed a full time teacher to impart basic computer education to Higher Primary Students.

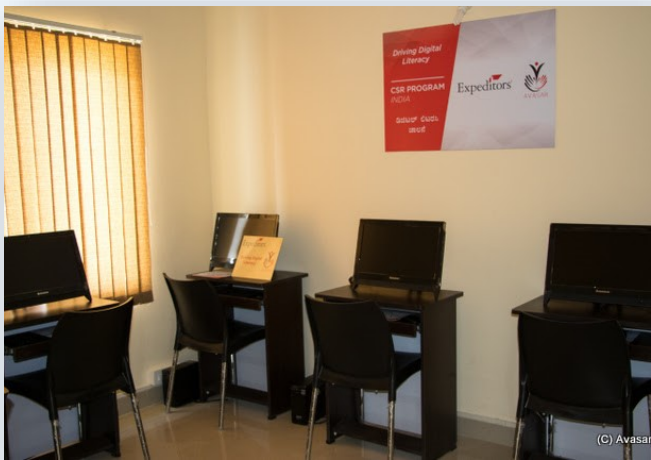

Labs are 2 at Hyderabad, 2 at Chennai, 2 at Cochin, 1 at Kolkata and 2 at Pune with rest of them in Bangalore. Deployed Rs. 1.52 Cr

Activity Report - 2013- 2017

1. Avasar Training Center

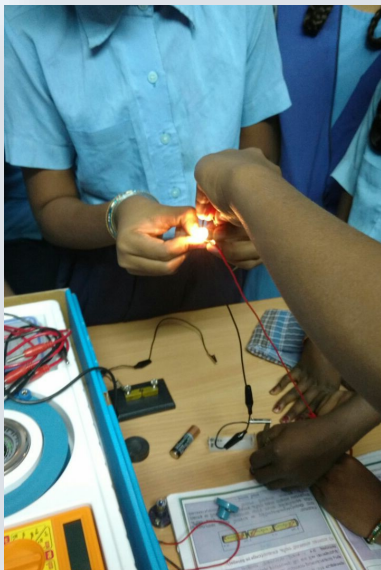

Avasar Training Center was established at Whitefield, Bangalore in May 2015 at a cost of about Rs.15 Lacs.

At this Training Center, Avasar imparts Employability Enhancement Training Programs to identified students from neighbourhood government colleges.

A 100 Hour per batch of 12 to 15 Students undergo these training. About 15 batches have been completed.

Approximately Rs. 5 to 6 Lacs is allocated to run this annually including rent, maintenance, faculty fee etc.

2. Driving Science Literacy

To drive science literacy and to create an enquiring mind, Avasar has donated Science Labs Kits to 10 Different Schools in Bangalore. These Labs are Micro Labs, designed and developed by NCERT.

Aimed at aiding teaching of Physics, Chemistry and Biology by means of experiments, Visual Aids etc, these labs cost about Rs. 1.6 Lacs

A holistic approach is what Avasar believes in its Social Engagement and hence instead of a nominal scholarship, our program includes educational support for 5 to 6 years.

With Driving Digital Literacy Project, we ensure that the Lab is run by the recipient institution by their own teachers or a teacher is appointed by Avasar. 6 Teachers currently work at different schools who are on rolls of Avasar.
